Facial Cleanser

A jelly facial cleanser that feels like a traditional Japanese sweet

This non-foaming massage gel facial cleanser uses agar as a thickening agent and contains over 97% naturally derived ingredients. As it crushes into a gel, it massages and removes excess dead skin cells and sebum.

- Non-foaming type of massage gel cleanser
- Novel, jelly-like tactile sensation in a facial cleanser
- Fun and comfortable to use as it is crushed

Apply to...
 A compressible cleanser from real agar made in tanghulu. Apply face extremely tight water sensation and a skin is removed. It is crushed.

Used Surfactants, Ultraviolet Absorbers, Mineral Oil.
